RE: Regulation (EU) 2019/1021 on persistent organic pollutants (recast)

Based on our research, we confirm that the Interpower products for the European Union do not contain any of the Persistent Organic Pollutants (POP) and Perfluorooctanoic Acid (PFOA), including its salts and PFOA-related compounds in accordance with regulation (EU) 2019/1021 ANNEX I.

Also including amendments to EU 2019/1021.
